**National Dance Week is now being celebrated at a new time of year. This year is was celebrated February 24-March 5, but will be celebrated at Dance Fantasies in late April-May, which is the original date. We will let the students know what activities will take place. You will receive an email and it will be posted on the studio bulletin board.**

## **HISTORY**

National Dance Week was formed in 1981 when a group of dance-related organizations began a strong “grass roots” movement to bring greater recognition to dance. National Dance Week Foundation was established as a non-profit foundation in 2011. Over the years, the organization’s dedication to it’s founding mission has inspired events and initiatives taking place throughout the year. These reflect the unique and creative abilities of the individuals and organizations

who participate, encourage, and take the lead in an array of events and initiatives, including A Chance to Dance, Dance Mob, Kick for Kindness and the Essay/Poster Contests, creatively celebrating dance in unlimited ways.

The NDWF Board consists of an Executive Director, Chair, Vice Chair, Secretary, Treasurer and additional board members who head various committees. A volunteer workforce is also made up of NDWF Ambassadors from all facets of the dance world across the country. Please read more about it at [nationaldanceweek.org](http://nationaldanceweek.org)
